UTMOST CONFUSION IN THE SHANGHAI EXCHANGE MARKET: H.K. & CHARTERED BANKS DISCONTINUE SALES ON EXCHANGE

Acting On Behalf Of Anglo-Chinese Stabilization Fund: Instructions Sent From Hongkong Or London?

SHARP DROP IN LOCAL CURRENCY ACCOMPANIED BY SUDDEN RISE IN GOLD BARS

SHANGHAI, JUNE 7 (REUTER)—THE FINANCIAL DISTRICT IN SHANGHAI WAS TAKEN COMPLETELY BY SURPRISE THIS MORNING WHEN, SHORTLY AFTER THE OPENING OF THE EXCHANGE MARKET, IT WAS LEARNED THAT THE HONGKONG AND SHANGHAI BANKING CORPORATION AND THE CHARTERED BANK, ACTING ON BEHALF OF THE ANGLO-CHINESE EXCHANGE STABILIZATION FUND, DISCONTINUED SALES ON EXCHANGE AT THE EXISTING RATE OF 8 1/2 D. FOR STERLING.

Utmost confusion ensued in the market "nominally" until near mid-day when some cash business was done at 7 1/2 d. and later at 7 3/4 d. This afternoon the market was closed as is usual on Wednesdays.

Exchange circles are completely mystified by the action of the Stabilization Fund and it is not known whether instructions to the Hongkong and Shanghai Bank and the Chartered Bank, originated from Hongkong or London.

NATION MOURNS FOR 99 MEN ENTOMBED IN SUNKEN THETIS

Impressive Service Held Aboard Mine Sweeper

LONDON, JUNE 7 (REUTER)—THE NATION TODAY MOURNED THE VICTIMS OF THE THETIS DISASTER. The clatter and noise of busy Merseyside was hushed as the minesweeper H.M.S. Hebe passed on its way to the open sea to pay last tribute to the men of the Thetis.

On board were the widows, mothers, fathers and sweethearts of the 99 men entombed in the submarine, fourteen miles out at sea.

Many relatives could not face this ordeal. They stayed quietly at home or attended memorial services elsewhere.

H.M.S. Hebe was accompanied by the minesweeper H.M.S. Seagull heavily laden with wreaths which were dropped over the sunken vessel.

The order of service was simple and comprised the hymn "Eternal Father, strong to save." Then came the firing of a volley, the sounding of the Last Post and Reveille, and the singing of the National Anthem.

Many other warships at the spot also participated in the service.

Nearly a thousand employees of Cammell Laird and Company, builders of the ill-fated Thetis, marched from the shipyard to a memorial service held in front of the Town Hall in Birkenhead, which was attended by many thousands of others.

Many flags were flown at half-mast on prominent buildings throughout the country including the London Stock Exchange and Throgmorton Street.

Memorial services were also held at St. Martin-in-the-Fields, Portsmouth, Devonport and Chatham.

East Surrey Regiment, are each to supply twenty men who will proceed to England to take up training duties under the new Military Training Bill in Great Britain. All the men will be N.C.O.s qualified to act as instructors.

H.K. DAILY PRESS COMPETITION

The fourth and final contest of the competition series for boys and girls being held by the "Hongkong Daily Press" in collaboration with M.G.M. Pictures starts to-day. It offers them an excellent opportunity of making some extra pocket money and at the same time of securing free cinema tickets. Rules will be found on Page 6.

Tinkler Was Kicked And Bayoneted On The Ground

SHANGHAI, June 7 (Reuter).—Surprise that Mr. R. M. Tinkler, late employee at the Pootung plant of the China Printing and Finishing Company, was "not shot and killed on the spot," was expressed by a spokesman of the Japanese Consul-General in a statement to-day.

He said that Mr. Tinkler arrogantly pointed a revolver at the Japanese officers and men and even fired a shot. This was grave provocation to the Japanese navy.

"That the bluejackets should have dismissed this dangerous character in self-defence, and subsequently manhandled him, is only natural in the circumstances," he said.

It is reliably learned that during the melee in which the Japanese marines were restoring order, Mr. Tinkler apparently thinking the Japanese were attempting to invade the mill, fired on the Japanese. Mr. Tinkler was thereupon knocked to the ground with a rifle butt.

The Japanese kicked and bayoneted him while he was on the ground causing several wounds to his abdomen. This occurred at 9 a.m. but Mr. Tinkler was not allowed to receive other than Japanese medical assistance until 11.30 p.m. when he was removed across the river.

JAPANESE VERSION

The Japanese version announced at to-day's press conference is that after being disarmed Mr. Tinkler attempted to attack a Japanese marine whereupon other marines surrounded Mr. Tinkler "and he may have come in contact with a bayonet during the scuffle."

Under questioning, the spokesman revealed that although the British Consul-General requested that Mr. Tinkler be handed over to the British authorities he was not handed over until he was dead.

Asked why extrajudicial rights were disregarded the spokesman declared that where a person enjoying extrajudicial rights "threatened the safety of Japanese forces," the Japanese claimed the right "under international law" to execute "summary action." Such action, the spokesman added, did not exclude unlimited detention or even execution.

JAPAN-AUSTRALIA TRADE AGREEMENT

CANBERRA, June 7 (Reuter).—The Prime Minister of Australia, Mr. R. G. Menzies, announced that negotiations had been opened in Canberra by the Japanese Consul-General for a new Japanese-Australian trade agreement.

KING AND QUEEN GET FIRST GLIMPSE OF THE UNITED STATES Unique Ceremonies On Way To Niagara Falls

ONTARIO, JUNE 7 (REUTER).—WHILE AT WINDSOR, THE KING AND QUEEN GAINED A FIRST GLIMPSE OF THE UNITED STATES which they enter to-day thus marking the first historic occasion upon which a British sovereign has been invited to the United States. Half a million people, who are now pouring in from all over the State, are expected to give their Majesties a tumultuous welcome when they arrive at Niagara to-night.

Two unique ceremonies will take place on the way to Niagara from where the King and Queen will enter the United States from Canada.

Their Majesties will enter their car at St. Catharines, fourteen miles from Niagara, and on the way to the Falls the car will operate an "electric eye" which will drop a string of flags across the highway named Queen Elizabeth Way.

In similar fashion the car will operate a mechanism unveiling the cornerstone of the new span to replace the "Honeymoon Bridge" over the Niagara River which collapsed in 1938.

Their Majesties will witness the Falls illuminated by coloured floodlights.

The King and Queen received a grand reception at Windsor from a crowd of 250,000 predominantly American.

As the Royal train was leaving their Majesties saw a huge illumination sign dominating the American city of Detroit reading: "Detroit welcomes Their Majesties."

The Queen was heard to remark, "What a wonderful sight."

The British Cabinet met for 2 1/2 hours yesterday morning during which the Soviet negotiations were under consideration.

H.K.'S GOOD WISHES TO HIS MAJESTY

The following telegram, conveying the good wishes of the Colony to His Majesty the King on the occasion of the official birthday celebrations, was despatched yesterday by His Excellency the Governor to the Secretary of State for the Colonies: "Grateful if you will convey to His Majesty King George the loyal and hearty congratulations and good wishes of all communities in Hongkong on the occasion of his birthday."

Fusion Of German & Italian Air Forces

ROME, June 7 (Reuter).—Fusion of the German and Italian air forces and choice objectives are stated by the newspaper "Tevere" to be the main subjects examined by the Italian and German Under-Secretaries of Air at a recent meeting here.

"Tevere" declares: "Not only must the Italian and German air units be merged into a single operative structure but also the two organizations from the point of view of air bases."

"Everybody realizes the importance from the very beginning of hostilities to strike hard at ports through which France counts on transporting her coloured armies—hers or British—on whose aid she relies as a vital necessity, and also at ports through which British home troops may try to cross the channel."

ANGLO-SOVIET NEGOTIATIONS

British Representative Going To Moscow

LONDON, June 7 (Reuter).—In a statement on Russia in the House of Commons, the Prime Minister, Mr. Chamberlain announced that a representative of the Foreign Office was going to Russia. The Premier said that it appeared from the last exchange of views with the Soviet that there was general agreement as to the main objects to be attained. The British Government, the Premier thought, has been able to satisfy the Soviet Government. The British Government was prepared to conclude an agreement on the basis of full reciprocity.

It was not intended that the military support which the three powers would agree to extend should be confined to cases of actual aggression on their own territory.

For other cases, the Premier hoped it might be possible to suggest a formula acceptable to the three Governments. It was impossible to impose a guarantee on states who did not want it.

"A FRIEND OF ENGLAND"

General Sir Charles Harington, who was Governor of Gibraltar during most of the Spanish Civil War, addressed a gathering of 1,200 ex-Service men at Eastbourne.

He said: "I think General Franco's main idea is to be a friend of England. All those years I was at Gibraltar I had many dealings with him, and I have every reason to be grateful for the kindness extended to us by him. You need not believe those stories about the guns. I am sure that there is no hostile intention towards Gibraltar."

Sir Charles Harington mentioned that eight days before the crisis the captain of the German battleship Deutschland asked to come to Gibraltar, and he entertained him and his officers.

He added: "He told me that he was a prisoner of war in a camp in North Wales, and with two others dug under the wire and escaped. When they got on a train for London there was the inevitable crusty old Englishman in the carriage who asked them why they were not serving their country."

"My German friend said that if he had known enough he would have told him that they were. Later the old gentleman noticed that he was trying to read his newspaper upside down, and at the next station called the police, and he was taken back to camp."

"My German friend commented that all they did to him was to stop his beer for a fortnight, but he was sorry for the poor old commandant, who got the sack."

Freddie Bartholomew Will Inherit Grand Parents' Home

Freddie Bartholomew, Metro-Goldwyn-Mayer boy star, will inherit Carlton Villa, ancestral home of the Bartholomew family for more than a hundred years in Warrminster, Wiltshire, England. He was so informed by his grandparents, Mr. and Mrs. Frederick Bartholomew, 75 and 74 years old respectively, who arrived in Hollywood for their first visit to their famous grandson in two years.

Carlton Villa, a ten room rambling English manor, nestles amid tall oaks and maples in a little village about one hundred miles from London. It is where Freddie spent his childhood from the time he was three until he departed for America with his Aunt Cissie to achieve fame and fortune.

BIG MONEY FOR STARS

GRETA GARBO GETS \$90,000 A YEAR

Beyond question films entail a heavy salary list, how heavy is indicated by a return of the Treasury department of the U.S. Congress of film stars earnings in 1937.

At the top of them all Greta Garbo stands with \$90,000 a year. The group receiving \$60,000 or rather more includes Marlene Dietrich, Claudette Colbert, Joan Crawford, Clark Gable, Gary Cooper, Fredric March, and William Powell.

Not less than \$50,000 a year are attributed to Jeanette MacDonald, Fred Astaire, Charles Boyer and Joe E. Brown, and \$40,000 to each of the following: Sonja Henie, Katharine Hepburn, Kay Francis, Warner Baxter and George Raft.

Charles Chaplin is credited with no more than \$20,000 for 1937. It will be noted that 1937 is already two years ago, and during that time the comparative box office value of stars will have altered considerably.

LABORATORY PICTURES

One has not heard anything lately of the film dealing with Madame Curie in which Greta Garbo was to play the lead. But the laboratory will not be neglected any more than it was in the Pasture picture.

One hears that Universal contemplates making a film based on the life story of Doctors George and Gladys Dick, husband and wife who discovered a scarlet fever antidote.

LIONEL BARRYMORE HONOURED

TWO HUNDRED STARS, DIRECTORS, EXECUTIVES AND CELEBRITIES OF THE SCREEN joined in a mass demonstration of affection to Lionel Barrymore, at a dinner held on a Metro-Goldwyn-Mayer sound stage, to honour the sixty-first birthday of the dean of the "Royal Family."

On the stage, Barrymore sat at the head of a great U-shaped table, flanked by Louis B. Mayer and Norma Shearer.

"SECRETS OF AN ACTRESS"

If there is anyone who is still uncertain as to precisely what Hollywood means when it applies the adjective "glamorous" to an actress, he can gain a complete understanding of the term by going to the King's Theatre to see Kay Francis in her latest Warner Bros. picture, "Secrets of an Actress," which opens there today.

Kay is an actress — a stage actress — and the period with which the story deals is that in which she scores her first Broadway success.

All this is told, in a moving but more often amusing fashion, with the skill that is guaranteed by the names of Kay Francis, George Brent, Ian Hunter and Gloria Dickson. Helping nobly, mainly in the humorous sequences, are such fine entertainers as Isabel Jeans, Penny Singleton and Dennie Moore.

Mayer spoke briefly, renewing a friendship of fifteen years.

"In all my thirty-two years," said Mr. Mayer, "in the entertainment, business, associated with the finest artists in the theatre and on the screen, I have found no greater inspiration, than in Lionel's brave spirit."

Mr. Mayer presented Barrymore, on behalf of the studio, with a ship's clock and barometer, knowing the star's fondness for boats and things nautical.

Barrymore responded, thanking Mr. Mayer and the gathering. "I am proud indeed," he said, "of any small contribution I may be able to make in bringing entertainment to a troubled world."

The player-contingent honouring the guest of the evening included Norma Shearer, Clark Gable, Robert Montgomery, Rosalind Russell, Robert Taylor, Myrna Loy, William Powell, the Marx Brothers, Mickey Rooney, Carole Lombard, Joan Crawford, Millicent Rogers, Lewis Stone, Freddie Bartholomew, Ina Claire, Eddie Cantor, Hona Massey, James Stewart, Robert Young, Virginia Bruce and many others.

MISS "GOLDEN FLOWER" TSAI FORMER WOMAN BANDIT NOW LEADS CHINESE GUERRILLAS IN THE TAIHU LAKE REGION

CHUNGKING, June 6 (Central)—Once a bandit leader and an outlaw, Miss "Golden Flower" Tsai is today a full colonel of the Chinese guerrillas operating in the Taihu Lake region bordering the coastal Kiangsu and Chekiang provinces.

For years Miss "Golden Flower"—as she was better known—and her husband, then also a bandit leader, were engaged in free-booting activities; but when the bugles of the war sounded they too took up arms against the common enemy.

Prompted by an urge to redeem their past sins, these ex-bandits led by Miss "Golden Flower" have been outstanding in their daring activity since hostilities began.

1,500 Strong

Organised after the fall of

Nanking on a hilltop somewhere

in northern Chekiang Province,

the band which then numbered

only 300 has now grown to 1,500

strong. Many of its members were

formerly college students and

government employees while not

a few of them were members of

the police and the peace preserva-

tion corps in nearby localities.

All of them are excellent marks-men and horsemen, besides being masters of all the "hide-and-seek" tricks of guerilla lore. Miss "Golden Flower" herself can shoot with both hands simultaneously and with incredible accuracy.

Initiation Ceremony
The initiation of these men into the guerilla forces was marked with an interesting ceremony. According to the law of the "gentlemen of the green forests," a Chinese euphemism for bandits, each man initiated must bring a gift as an offering to his new gang.

The condition was easily fulfilled; the band staged a surprise attack on a Japanese detachment stationed in the area, wiped out its members, and brought its ammunition and foodstuffs as a collective gift to their new unit. Many other unexpected and successful onslaughts on Japanese transportation units, on their weak garrisons and on their communication lines have followed. Their constant successes have won them the loyalty of the local villagers who now form a solid base of support for men whom they once hated and despised.

TWO REGISTRY WEDDINGS

The weddings took place at the Supreme Court yesterday between Robert Matland Cherry, Engineer, of Messrs. Butterfield and Swire, and Miss Lulimila Lupovelskaya, stenographer.

Mr. R. H. Fairley and Mr. J. R. Orr were witnesses.

Mr. T. J. Gould, Deputy Registrar of Marriages, officiated.

Mr. Au Man-kwong, a radio mechanic, residing at No. 45, First Street, Hongkong, and Miss Fung Yuk-ngo, school teacher, of No. 58, Lyndhurst Terrace.

Mr. T. J. Gould, Deputy Registrar of Marriages officiated.

Announcements

The following forthcoming marriages were announced at the Supreme Court yesterday:

Mr. Sung Chue-yan, a wireless operator, residing at No. 735, Nathan Road, and Miss Tze Lai-yun, nurse, of No. 91, Yu Chau Street.

Mr. George Yag, of No. 447, Lockhart Street, and Miss Lo Nang-sheng, residing at No. 194, Wanchai Road.

Mr. Kenneth Tsang, a medical student, residing at No. 2, Lockhart Road, and Miss Josephine Hwang, of No. 784, Nathan Road, Kowloon.

Mr. Chen Chen-tung, a teacher of the Lingnam Middle School, and Miss Pearl Lu, residing at No. 4, Ladder Street.

Mr. H. O. H. Hommel, residing at No. 194, Sassoon Road, and Miss Maria Renate Friedemann, of "Courtland," Hongkong.

BOYS AND GIRLS!

Here's a wonderful opportunity for you to make some extra pocket money and to get a free ticket to see M.G.M.'s picture entitled "HONOLULU," co-starring Eleanor Powell, Robert Young, George Burns and Gracie Allen. Box Office Magazine voted it the Honour Box for the month of February in the U.S.A., in competition with five or six very fine films. The picture will play simultaneously at the Queen's and Alhambra Theatres from June 17th 1939.

All you have to do to secure a subscription for the "Hongkong Daily Press" for a minimum period of six months from a relative or friend. For the first thirty subscriptions received, each successful contestant will receive 30 per cent. of the whatever subscriptions he secures as commission and a free ticket to the best seat in the Queen's or Alhambra Theatre to see "HONOLULU." After the first thirty subscriptions are received, we will only pay the commission, send your subscriptions in early to get the free cinema ticket as well.

Each contestant can submit as many subscriptions as secured and qualify for the commission and cinema tickets.

In all, there will be four competitions of this kind, each lasting one week. For each, similar prizes will be given (except that the picture for which the free cinema ticket is presented will vary), but, at the end of the fourth competition, the "Hongkong Daily Press" will, in addition to the prizes and commissions earned, offer a special prize of \$30.00 to the competitor who has brought in the largest number of new subscribers—so long as the number is not less than twenty.

This is the Fourth and Final contest of the series and will remain in force until 12 noon on Friday, June 16th 1939.

Subscription rates for the "Daily Press" are as follows:—
6 months \$15.

PACIFISM MUST BE
A POSITIVE POLICY,
SAYS DEAN WILSON

That pacifism, in its only tenable character, must be a positive and constructive policy or an art which works according to a rule of life or as a body of knowledge that cannot be less than a philosophy of life or a faith, was argued by the Very Rev. J. L. Wilson, Dean of St. John's Cathedral, in a talk to the Peace Pledge Union given in the Challenge Book Room yesterday.

Taking as his subject, "Can There Be a Non-Religious Pacifism," the Dean said that he had been trying to think out in his mind what the motive force of pacifism was and whether pacifism could exist in a strong enough form in a non-religious background.

He had come to the conclusion that it could not be less than a philosophy of life or a faith, which must be of an all-embracing or universal character. It cannot be tacked on to daily habits, and there must be no gaps or gulfs in its covering power.

"A chain is no stronger than its weakest link," said the Dean, "and if there is anything which pacifism cannot deal with then it cannot be a way of life on a universal scale."

MATTER OF TASTE

Such a philosophy must partake of the character of religion in that it is all-embracing and universal. Pacifism could not be a matter of taste, but must be embodied as part of the religion of the universe.

There must also be an adequate motive, said the Dean. Clearly the individual would need a motive

which was, on the one hand, reasonable and not Quixotic, and on the other, of such strength and totality as would ensure that the individual did not waver and lose heart when the test came.

TRUE FAITH

The emotional character of the motive must then be based on true faith and sure hope, which to the speaker's mind could not be less than religious in character.

"The actual character of the pacifist's faith," continued the Dean, "will depend on two general propositions, which perhaps may be reduced to one, or if not, to dependence on a further proposition."

"They are, firstly, a trust in human nature, its superior desire for and response to good rather than evil, and, secondly, a belief that good is stronger than evil."

"The inference is that the good must be in the constitution of human nature and entered into its composition. How does this differ in essentials from the belief that God created man in his own image?" asked the Dean.

LOSS OF LIFE

Pacifism, if it was all this, had to face loss of life, hence it must be sure of two things: that personal sacrifice was worth while or justified and that it would contribute to the salvation of humanity.

"It is easy to conceive that the first is hardly possible without an expectation of immortality," said the Dean. "Nor does the second differ much from the belief that God has an enduring purpose for humanity."

MR. SZE HON - FAI
RELEASED

Mr. Sze Hon-fai, compradore of Messrs. W. R. Loxley and Co. Ltd.'s Shamen branch, was released by the Japanese authorities on Tuesday after a month's detention.

Mr. Sze was arrested when he was about to board the s.s. Fatsan for Hongkong, and during his detention was not allowed to have communication with anyone.

It is reported that the Japanese took objection to some remarks made by Mr. Sze at a dinner in Canton early in May at which Japanese were present.

DISAGREEMENTServices Between
H.K. And Canton

CANTON, June 7 (Reuter).—As a result of the Anglo-Japanese disagreement regarding the shipping memorandum in connexion with passengers on board ships plying between Canton and Hongkong, the O.S.K. vessel Shipoke Maru, chartered by the Japanese Government, which was due in Hongkong this morning, was diverted to Hiacao.

It is learned from a well-informed source that one of the reasons for the disagreement over shipping was that the Japanese intended to run bi-weekly passenger service between Canton and Hongkong, whereas the British were allowed a fortnightly service.

In the meanwhile, the Portuguese steamer Sing Cheong, which arrived yesterday from Macao, making its first voyage since the Japanese occupation, was allowed weekly sailings.

Sailing Cancelled

Owing to the closure of the Pearl River, the sailing of the Japanese Government-chartered steamer to Canton, announced for to-day, has been cancelled, the Osaka Shosen Kaisha announced yesterday.

DISTURBANCE IN
WANCHAIRestaurant Foki
Give Evidence

Yuen Kui, foki of the Ying King restaurant, gave evidence at the continued hearing at the Central Court yesterday of the case in which seven British sailors and three soldiers were charged with causing damage to glass doors and windows and several other articles in the restaurant to the total value of \$88. The soldiers were additionally charged with conspiracy with two others to persuade a witness, Lo Kwai-ying, dancing girl, to support the truth, June 1.

Yuen stated that he was at the counter writing bills, when he saw some sailors coming in. They ordered five bottles of beer and chicken. About 2.15 a.m. they wanted more beer. One of the foks told them it was after hours.

Third defendant then went to the accountant and spoke to him, but the accountant could not understand what was said. After being refused beer, defendant ran about and struck the lift attendant.

Kwan Hing, lift attendant, and Koh Kuen, also gave evidence.

Yow Kuen, waiter, stated that he was on the first floor when he saw sixth defendant go to the lavatory. On his return from the lavatory he stopped to watch witness dividing the tip money. As witness himself could not speak English, he went to fetch Poon Shi-san, to ask the defendant what he wanted.

The hearing was adjourned to June 21, at 2.30 p.m.

The defendants were Teleg. Frank Standish, 24, H.M.S. Dorsetshire, Teleg. Thomas Stewart, 21, H.M.S. Duncan, Stoker Vincent Cyril Wilfred Leslie Norman Wright, 33, of H.M.S. Duncan, Ldg. Sig. Cruickshank was additionally charged with conspiracy with Pte. John Stevenson, 23, and Pte. John McNally, 22, also of the Royal Scots, with conspiracy, with another unknown, to persuade a witness, Lo Kwai-ying, dancing girl, to support the truth.

SCHOOL FOR THE
DEAFMrs. Grasett Opens
Sale Of Work

STEADY PROGRESS

Mrs. Grasett, wife of H.E. the G.O.C., opened the sale of work at the Kowloon School for the Deaf yesterday afternoon.

The attentive but small audience were given a summary by Miss Li Luk Wa, Principal, of the School's history since its commencement in 1935 when it had six pupils.

At that time the School consisted of three rented rooms in the University Women's Hostel, which were used for class room, dormitory and staff room. In 1937 the School quarters for the then twenty pupils consisted of a house and a flat in a nearby building.

SCHOOL'S AIM

To-day the School for the Deaf takes care of 37 girls and boys who are taught lip reading and given elementary education. It is the aim of the School staff to be able to build their own building in the near future, and they hope it will not be long before the building fund is started. Contributions may be sent to the School, addressed to Miss Li.

A short demonstration of speech work and lip reading was given by the pupils after which tea was served to the visitors.

The School for the Deaf is located at 57, Kai Yan Road, in Kowloon City, and visitors are always welcome.

DELAY IN LOCAL MAIL DELIVERY

Expressions of annoyance were registered by quite a few residents in the Colony regarding the delay in the delivery of the "air mail".

The Imperial Airways' week-end service was twenty-four hours late arriving in Hongkong on Tuesday at 5.45 p.m. instead of on Monday afternoon. However, residents complain that their mail though stamped 8.30 p.m. by the local post office, was not delivered to them until Wednesday morning between 8 and 9 o'clock.

When the "air mail" service first commenced in the Colony, the Post Office usually made delivery the same evening of the afternoon arrival. However, this service appears to be now non-existent.

TRAFFIC ACCIDENTS IN THE COLONY

In the Colony of Hongkong including the Island, Kowloon and the New Territories during the week ending at 8 a.m. on Saturday, the 3rd June 1939, there were altogether 75 traffic accidents as the result of which 3 persons were killed and 27 persons were injured.

Of persons killed two Chinese males, age 52 and 55, were knocked down and killed by a bus and a private car respectively while running across the road.

Of 75 accidents, 28 were collisions between vehicles; 31 were collisions between vehicles and pedestrians; 16 accidents were due to other causes.

The film star, Gloria Stuart, is reported to be arriving in the Colony to-day with her husband, Mr. Arthur Sheekman, and their baby daughter. The party is en route to French Indo-China.

LONG LIVE THE KING

BRITONS the world over will to-day observe the official celebration of the birthday of King George VI though His Majesty will actually be 44 on December 14. Hongkong's part in the world programme will be a Review of the Garrison which will take place in the Happy Valley this morning when His Excellency the Governor, Sir Geoffrey Northcote, will take the salute.

There could be no greater coincidence than that the King should meet the President of the United States to-day. Their Majesties having entered American soil yesterday after the completion of the first part of their State tour of Canada. It is interesting to recall that the King saw the Falls in 1913, when, as a sailor prince, he visited Canada with a party of officers from the late H.M.S. Cumberland.

THE KING's visit to America is indeed significant for it is the first time that a British monarch has stepped on American soil and the first personal meeting between the heads of the two great democracies. Mr. Roosevelt will be at the Union Station, Washington, with Mrs. Roosevelt, to meet the King and Queen and they will motor in a procession to the White House where, in the evening a State dinner, followed by a reception, will be given.

THE HOPE has been expressed that the King's visit to the United States will result in the understanding of each other's political beliefs and recognition that both nations have as their object peace, security and freedom. That this will not only be attained but will be the means of further consolidating the already friendly relations existing between Great Britain and the United States, is the fondest hope of the peoples on both sides of the Atlantic.

That the establishment of peace—a lasting peace—and freedom between all nations of the world are foremost in the King's endeavours is fully borne in the words uttered by His Majesty when he unveiled the War Memorial in Ottawa on May 22: "Without freedom there can be no enduring peace; without peace there can be no enduring freedom."

THOSE WORDS, spoken at a time when the future of world peace hangs dangerously in the balance against the methods of force by the totalitarian powers, cannot fail to find a warm place in the hearts and minds of all those who are making real concrete efforts towards the goal of peace and the brotherhood of nations.

LET US, therefore, on this day offer our felicitations to King George VI together with our sincere wishes that, under Divine guidance, the visit of the King and Queen to Canada and America will have achieved fruitful realization in the furtherance of everlasting friendship, co-operation and cordiality between Britons and the American people.

HAW PAR ACCIDENT STATION

During the month of May the Haw Par Ambulance answered 126 calls.

A total of 503 cases were treated, made up of 276 old cases and 227 new cases. Vaccinations carried out numbered 153.

Hello & Goodbye

(BY A. W. HYER)

Take your pick, over there, at the Kowloon piers you have the Canadian Pacific, P. and O., Java-China-Japan Line, Messageries Maritimes, respective travel conveyances. Also, if you have the energy you can go out to Kai Tak and review Imperial Airways, Air France, Eurasia Aviation Corporation, China National Aviation Corporation, and the Pan American Airways, respective liners of the airways.

And did anyone say Hongkong was not cosmopolitan? Here you have your "travel geography" right in your own front yard, so to speak.

Air France

IT WAS VERY HOT, out at Kai Tak, yesterday, there was a picture-book sky which the Ville de Ventiane slipped out of at 1 p.m. landing thirteen passengers and three crew officers from Hanol.

The "Time" magazine's China representative, Mr. J. R. Hersey returned to the Colony after a month investigating in Chungking. This young man was born in China which he regards highly, however, it has been sixteen years since he last set foot on the terrain. The Chinese people in the northern capital are performing wonderfully in their attitude toward bombing raids and rehabilitation.

The Government is bound and determined that most of China will belong and be controlled by them, and though an enemy interferences with the "growing-up" plans of this nation, slowly and surely they will be removed, and an improved and progressive China will be heard from. Such were the conditions the reporter found in the north.

Mr. H. H. Arnold, of Hollis H. Arnold, Inc., returned by Air France from a four week's business excursion in Calcutta. Kopei Whew! I'll be good from now on. He laughingly stated. The flying traveller will leave Hongkong in the Empress of Canada for his desk in Shanghai on Friday at noon.

He landed, slipped into the passport office, and hoped into a taxi. It was Major F. H. Vinden connected with the General Staff in Malaya. How, wonder what, why and how long this gentleman will be visiting?

Hanol to Shanghai, Shanghai to Hanol, and there he is back again. Mr. H. Elber, an extremely busy representative and chief engineer of Hille-Werke, main offices in Dresden. Now, he sails back to Shanghai, and business is splendid!

Lieut.-Colonel Maupin, of the French Army, was a member of the disappearing act; he just evaporated!

Imperial Airways

TUESDAY, 5.45 P.M. Captain I. A. Dykes brought the Dorado in from Bangkok.

Mr. and Mrs. J. M. Weston, Canadians and residents of London, are on their first extensive air journey. It is business and pleasure for the vice-president of Joans, Colver, Novo Steel Co. The trip by Imperial Airways from Southampton was wonderful, and after a short visit in Shanghai, these two charming travellers will return to Hongkong and embark on a American Airways' Boeing Clipper for San Francisco. But that is not all, a quick hello in the American west coast city and they go flying across the United States to New York, then maybe across the Atlantic Ocean by the Yankee Clipper! They will be the first people to do the world commercially by air and what a time of it they will have!

Monday Captain Joe Davies deposited the Dolphin at Kai Tak 5.15 p.m. from Bangkok. The local traffic representative Mr. K. M. C. Dobbs returned from a vacation in Kuning with a beautiful tan, though peeling in spots. And by the way he reports the new "chairs" in the Imperial Airways' planes are really something.

Dr. M. Balfour, of Shanghai, and Dr. John B. Grant, of Calcutta, were quite gay on their arrival from Chungking. After a short visit here and no doubt, a wind-up of their visit they will continue on their respective ways homeward.

Empress of Canada

WEDNESDAY, 7.30 a.m. the Empress of Canada was alongside in from Manila. And there arrived an outstanding member of the "Order of Grand People," none other than Mr. E. C. Whittall, Number One of Asiatic Petroleum Co., in Manila. Business and a bit of pleasure bring him here.

Mr. V. Madrigal is a busy and important Manila resident. Gen-

eral manager of Madrigal and Co. he is also interested in cotton, oil and cement. Besides all this activity, he is a member of the Board of the Chamber of Commerce and on the Philippine University Faculty. His call is mainly business, and the trip is a change!

A local resident Mr. J. N. Sweeney came sailing back from a business visit in the Philippine capital: wonder how he really enjoyed that flying trip down by the Clipper?

And the small, smiling, busy person, Mr. R. R. Roxburgh, John I. Thornycroft and Co., Ltd., returned from a quick business call in Manila.

Dr. and Mrs. J. G. Telfer, with a very pretty young baby, have come visiting our city.

s.s. Rawalpindi

UNDER A HOT, beaming, 11.05 sun, yesterday the P. and O. Rawalpindi came down the bay, in from Europe and southern ports.

Mr. and Mrs. E. H. Rankin were greeted by friends, and after arranging for the twenty pieces of luggage, off they went to visit Hongkong until Friday noon when they sail for America in the Empress of Canada. It is vacation time for the manager of Standard Vacuum Oil Co. in India.

Up from Singapore travelled Mr. E. J. Burn, Inspection Engineer of Imperial Airways. No doubt he will give the newly overhauled Denebola the once over and an okay. He may be connected with aviation, but evidently he likes his sea!

Mr. J. C. Walker and Mr. A. P. Taylor Gill, of Singapore, practically slipped away on the arrival of the P. and O. steamer which leaves to-day at noon for Shanghai.

DEATH OF SERGT. H. GRAY

Full Honours At Funeral

Full military honours were accorded at the funeral which took place at the Protestant Cemetery yesterday afternoon of Sergeant Herbert Gray, of the 12th Heavy Battery, Royal Artillery, who died on Tuesday.

The Rev. S. Hinchliffe, S.C.F., officiated at the graveside and there were present representatives of all military contingents in the Colony.

Battery, R.A., Officers' Mess Stanley, Sergeants' Mess Stanley, Officers and other ranks 30th Heavy Battery R.A., Officers and other ranks 10th Heavy Battery R.A., Officers and other ranks 8th Heavy Regiment, H.Q. Officers and other ranks 24th Heavy Battery R.A., Warrant Officers and Sergeants, 2nd Bn. Royal Scots, Officers and other ranks 20th Heavy Battery R.A., Officers and other ranks 12th Heavy Battery R.A., Sergeants' Mess Lyemmy, Members of Sergeant's Mess No. 27 Company, R.A.M.C., Indian Officers and ranks 1st Mountain Battery, H.K.S.R.A., British N.C.O.'s 1st Battery H.K.S.R.A., Married families Gun Club Hill, B.S.M. and Mrs. Scragg, Sergt. and Mrs. Ralph, Mr. C. Bond.

LATE MR. W. A. LEWIS
The funeral service of the late Mr. William Archibald Lewis, who died suddenly at his residence at No. 517, The Peak, was held at St. John's Cathedral yesterday. The Rev. A. P. Rose officiated. A large gathering of friends were present and many floral tributes were sent. The remains were cremated at Sookunpoo.

The late Mr. Lewis was the father of Mrs. J. H. L. Turner and Mr. Leslie A. Lewis and brother of Mrs. Evelyn Horton and Major Louis Lewis.

Briton's Death Follows Brutal Attack By Japanese Bluejackets At Pootung

Armed Sentries Guard Door While Emergency Operation Is Performed On Mr. Tinkler

RIFLEBUTT WOUND ON HEAD: THREE STABS IN ABDOMEN

SHANGHAI, June 7 (Reuter).—Mr. R. M. Tinkler, employed by the British-owned company, the China Printing and Finishing Company, who was wounded during a clash with Japanese bluejackets at Pootung in the company's mill premises where he was trying to settle a fracas among his mill workers, died at the General Hospital in the Japanese-occupied Hongkew district of the International Settlement at 4.50 a.m. this morning, following an emergency operation which had to be carried out late last night after he had been brought across the river to Shanghai.

It is understood that the British authorities are shortly protesting to the Japanese in connexion with Mr. Tinkler's death.

The final form of the protest probably will not be decided until after the inquest.

Escorted by a British official, the Japanese authorities brought Mr. Tinkler across the river at 11 p.m. last night and rushed him, in a waiting ambulance, to the General Hospital in the Japanese-occupied Hongkew district of the International Settlement.

Emergency Operation

Two German and two Japanese naval surgeons helped by two French Franciscan Sisters, began an emergency operation which was still in progress at 12.25 a.m.

Three armed Japanese sentries were posted outside the door of the operating room.

It transpires that Mr. Tinkler was not shot, but that he was suffering from a head wound caused by a riflebutt, three stabs in the abdomen and an injury to his foot.

SERIOUS VIEW

LONDON, June 7 (Reuter).—The British Government take an extremely serious view of the Tinkler incident. It is pointed out in London that the Japanese virtually control the mill area and for sometime there have been disturbances among workers.

Following British protests an armed British naval guard has mounted over the mill but was withdrawn after a few days on a written assurance from the Japanese that British lives and property would be protected.

Only yesterday the British Ambassador to Tokyo raised the matter with the Ministry of Foreign Affairs drawing attention to the activities of certain Japanese in fomenting strikes and the absence of steps by the Japanese to preserve law and order.

MORE BAGGAGE RACKET

Kowloon Wharf Argument

Two weeks ago the "Hongkong Daily Press" revealed the existence of a "baggage racket" being conducted at the Kowloon shipping piers and the train station.

Yesterday morning another incident relative to this racket occurred when a Chinese gentleman passenger from the P. and O. steamer Rawalpindi became involved with the independent baggage coolie.

The passenger, with three bags in his cabin and two pieces of luggage in the steamer's baggage room, employed one of the licensed transfer representatives of the "China Travel Service" to handle the transportation of his luggage.

The three pieces of baggage were taken to the pier and during the time the baggage representative was securing the release of the luggage in the steamer a coolie came down the pier and picked up the three bags of the traveller.

Upon the arrival of the "China Travel Service" representative a loud and almost violent argument was in progress between the coolie and the passenger in which the travel service agent also took part.

Coolies and members of the general public gathered and were soon joined by a Chinese policeman who dispersed the mob and reprimanded the coolie.

HIT BY STRAY BULLET

Internment Camp Escape Sequel

WOMAN'S DEATH

An inquiry was held at the Kowloon Court yesterday into circumstances surrounding the death of a 22-year-old woman, Liu Yiu, hit by a stray bullet at the corner of Kwong Sai Street and Tam Kung Road, Mataichung, on February 7, and who succumbed to the wound at the Kowloon Hospital on May 4, after sepsis and toxemia had set in due to it being impossible to extract the bullet.

A verdict was returned of accidental death. Mr. E. Himsforth sat as Coroner, and he was assisted by a jury comprising Messrs. R. Kirkwood (foreman), S. D'Ards, and A. F. de Souza.

It is believed the deceased was hit by a bullet fired by Lance-Sergeant Rogers, of the Police, who with two Indian constables was pursuing three men who were fleeing from the scene of an assault in the vicinity of the Internment Camp.

Lance-Sergeant Rogers fired two rounds at the men in an endeavour to prevent their escape, it being deemed difficult to catch up with the men who had a good start and one of whom carried an axe.

TWO MEN CAUGHT

Two of the men, of a gang of several who had assaulted a matched-bulldog, Au Ki, were caught. The wounded woman and Au were taken to the Kowloon Hospital, where the woman died nearly three months later from blood-poisoning caused by the bullet which could not be removed. The two Indian constables, Rajal Khan and Meher Singh, gave evidence that it was only possible to prevent the fugitives' escape by firing at them.

The foreman of the jury, Mr. Kirkwood, questioned the medical evidence regarding the length of time the woman had spent in hospital—Feb. 7 to May 4—before she succumbed to the wound.

Dr. C. C. Petrovsky, who conducted the post-mortem, stated that the bullet had been lodged in such a way it was not possible to find it although two X-ray examinations were held.

DEFRAUDING AND THEFT ALLEGED

At the continued hearing before Mr. R. Edwards at the Central Court yesterday of the case in which Leung Kah-wu, 32, and Wan Kin, 48, were charged with conspiracy to defraud three women, Kwok Ngan-ying, Kwok Yuk-chen and Lam Ngan, and larceny of drawwork articles to the total value of \$2,418, Kwok Ngan-ying and Kwok Yuk-chen gave evidence.

Chan Ping-kee, broker, stated that he knew first defendant. He first met Leung at the Tai Hing Co., Connaught Road Central. He was with second defendant, Wan Leung, asked him to introduce him to buy some drawwork goods, and promised Chan 2 per cent commission of the transaction. Chan then introduced the complainants, who delivered the goods to Tai Hing on April 12.

After cross-examination by Mr. J. M. d'Almeida Remedios, the powerful radio station "YBSAB" hearing was adjourned to May 13, which to-day is known in every section of the world. The radio

He added that two-thirds of foreign inhabitants would be enrolled in the local militia.

LONDON, June 7 (Reuter).—Mr. Leslie Hore Bell, Minister for War, stated in the House of Commons yesterday that he hoped a decision would be taken shortly on the question of issuing a special medal for Palestine operations.

NEW FEATURE

HONGKONG PERSONALITY INTRODUCED

—MR. J. W. M. BROWN

Stop and think a moment what must be the thrill, excitement and interest, when you have the complete world at your finger-tips?

Right in our midst there is such a fortunate person, Mr. J. W. M. Brown. This small, quiet and sincere person is a Senior Revenue Officer in the British Government. However, when day is done he retires to his "home-made" radio studio and talks with Buenos Aires maybe, or Davenport, San Francisco or whatever friend on the air he wishes to call.

There is little pertaining to radio and its weird workings that the shy gentleman from Edinburgh does not know. Long hours of study, research and experiments have given him this acute knowledge.

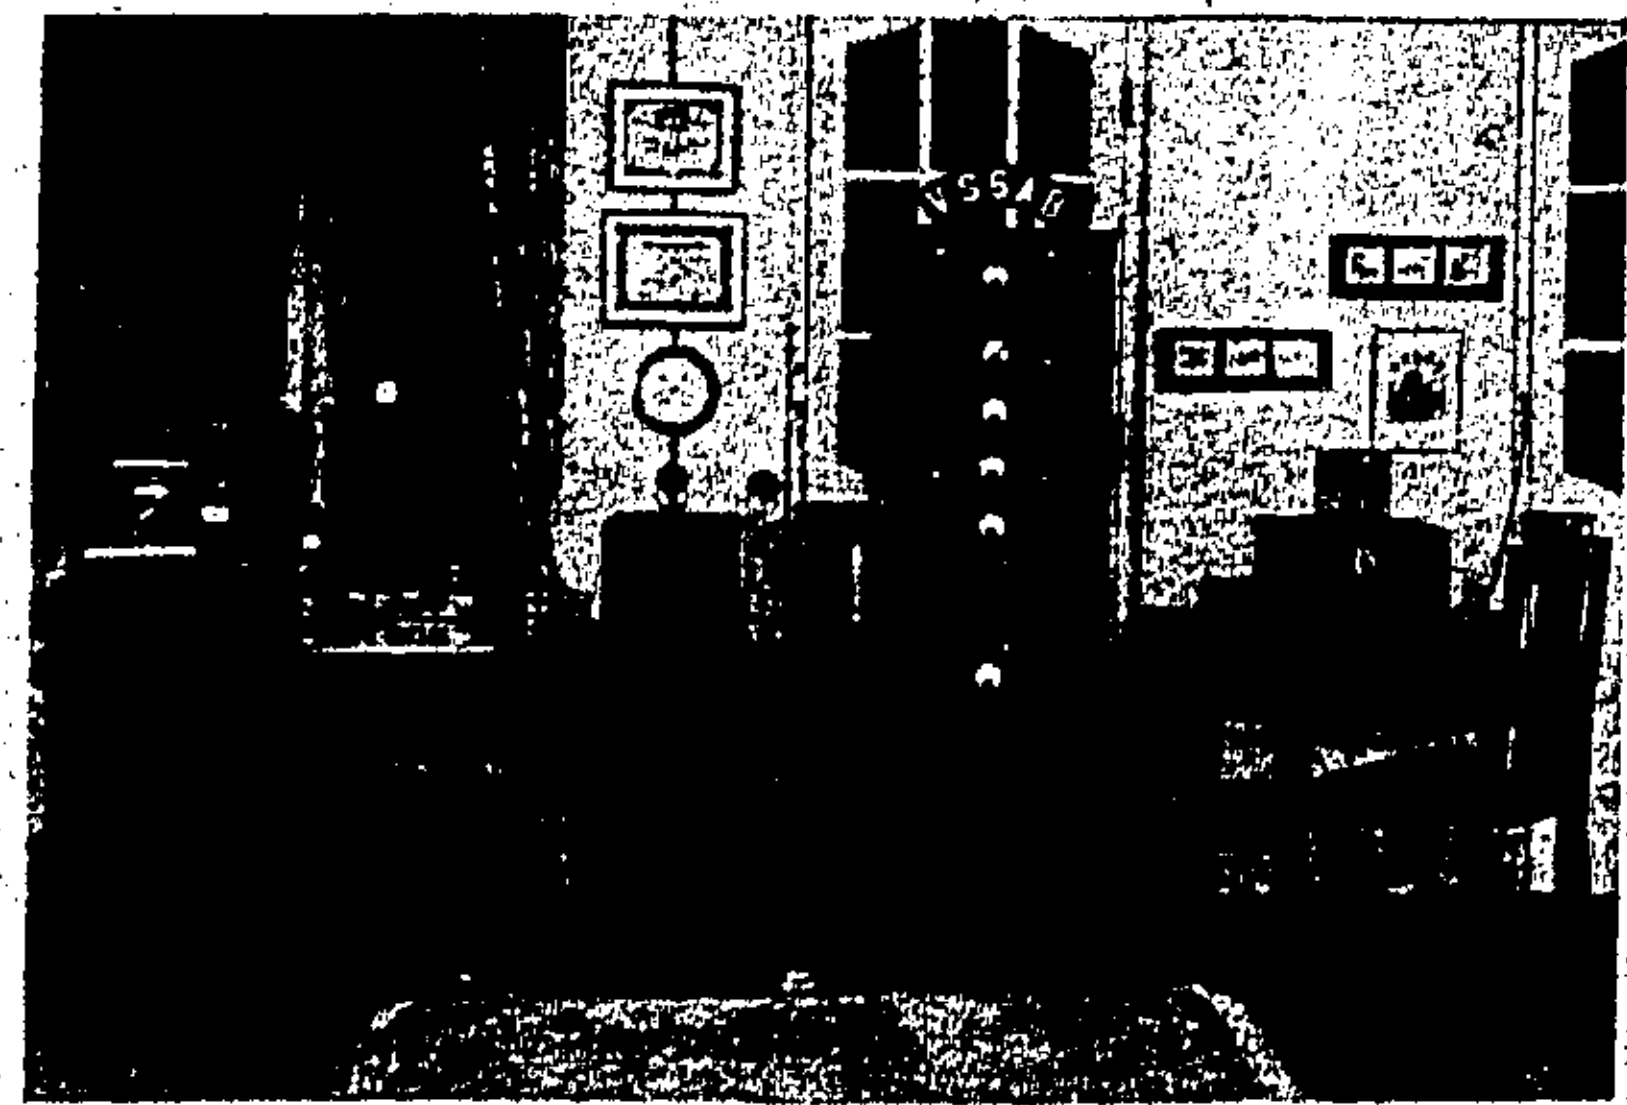

The World War was Mr. Brown's initiation into the "ether waves." Serving throughout the war as radio operator at sea, he found himself in Hongkong, in 1919 attached to H.M.S. Fame.

China appealed to him, therefore, he joined the Chinese Mar-

phone and Morse Code is used on this set which can pick up practically any station broadcasting; it matters not where the location.

EXCITING THRILL

When Mr. Brown was home in England on leave in 1931 he received a queer and exciting thrill when, standing near the radio set belonging to a friend, he heard a report from this part of the world informing the receiver that a "Mr. Brown, a popular international radio amateur, was then in England on vacation, and

time Customs and spent over a year in and about Canton.

URGENT RETURN

Radio work at this time "went by the boards" so to speak; he put it out of his mind until 1924. At this time Mr. Brown had established himself in service for the British Government and made his home in the Colony. The old interest and urge of radio returned and he commenced again with his hobby.

Fourteen years ago "Jack" Brown was responsible for the first local broadcasts from his own transmitter having a ten watt output. Records, remarks and various phases of local talent were put on the ether through his work and abilities of Mr. Brown.

In 1927, he secured his "amateur licence" and started to build the first local radio station "YBSAB" which to-day is known in every section of the world. The radio

WELDER'S ASSISTANT CHARGED

ALLEGED SHOT AT DUCHESS OF KENT'S CAR

"I Didn't Hit Anybody, Did I?"

LONDON, June 7 (Reuter).—A "blown-off" shot-gun, about twelve inches long, was shown to the Westminster Magistrate, when the man, who was alleged to have fired a pistol at the car as the Duchess of Kent drove from her home on her way to a cinema, was charged.

The man, Ledwidge Vincent Lawlor, 45, a welder's assistant living in Walworth, was charged with having in his possession at Belgrave Square, a firearm and ammunition with intent to endanger life, or cause serious injury to property.

Charged and Caught

A Police Officer stated that he heard the shot as the Duchess drove away and Lawlor, who was cycling away towards Victoria, was chased by car and caught.

It was alleged that Lawlor said: "I didn't hit anybody, did I?"

When he produced the pistol, the officer seized it and Lawlor remarked: "There's no need for all this fuss." Lawlor was remanded in custody for a week.

S'HAH EXCHANGE CONFUSION

Continued from Page 1

amounts to finance trade and industry in Central China; also the Huahsing Commercial Bank threatened to appear in the Shanghai open money market as a wholesale buyer of exchange against National currency obtained from circulation of "Hongkong money."

Thirdly, the conviction that the ruling rates of the exchange were no longer in sympathy with the currency exchange situation and the market must be permitted to establish a new lower rate at which the Fund would resume its intervention.

Adding that there can be no doubt that the Fund will resume operation, the "Evening Post and Mercury" states: "The Chinese National Government is not going to let Shanghai down entirely in the matter of exchange."

The paper concludes that the moment has been reached when China's currency policy will be put on a new and probably somewhat different basis.

"Chinese currency, however, appears far from doomed and is, in the not distant future, likely to have found again a steady level here," the paper concludes.

NO INFORMATION

LONDON, June 7 (Reuter).—Far Eastern bankers interviewed by Reuter had no information to explain the drop in the Chinese dollar, are of the opinion may be that it intended to even the balance between exports and imports. It is also suggested that Chinese control considers the previous rate too high and desires the dollar to find its own level at a lower value. It may also be intended to undercut the Japanese-sponsored Huahsing Bank's attempts to collar export bills.

One widely held view is that Chinese control deliberately dropped the rate with a view to squeezing out speculators.

It is pointed out that this manoeuvre, though never publicly acknowledged, is not infrequently practised by control banks generally.

Over 130,000 tickets have been sold in the special dollar sweep being conducted by the Hongkong Jockey Club on the Lantau Handicap, which will be run off on Saturday. It was ascertained yesterday.

finances to the pursuit of the universe's other lanes.

Maybe, someday, our Mr. Brown will take time to write a book explaining much of his knowledge and incidents connected with his hobby; it would certainly make interesting reading. And though he is a thorough "Senior Revenue Officer" of the "British Government" it seems that a loss has occurred when "Jack" Brown did not stick to radio and allow the layman to benefit from his outstanding and uncanny talent.

Recreio, Mindanao Featured In Close Clash; Jesse el Arculli Shows Outcurve

(By "R.O.Y.")

The Recreio-Mindanao clash provided the closest battle of the week-end baseball programme, and although the other two matches decided were rather one-sided, both had their exciting moments, and interesting plays. The Union Brewery, by virtue of their 6-1 win over the Hongkong Baseballers, kept their hold on the league leadership, one full game ahead of the U. S. S. Mindanao and Chinese Baseballers who won over the Recreio and South China outfits respectively.

The Club, with an experimental line-up, did quite well to hold their powerful opponents to a five run margin and should have been even closer for the poor support accorded Larry Lawrence whose steady work on the mound held the Brewers to only two earned runs.

Freddie Barros and Billy Clague scored only once, and that in the first inning, when George Wu and Bill Hong Sling reached third and second respectively with one away; the threat ended when Wu was caught taking too big a lead off third and during the remainder of the game, only C. C. Lee, of the losing squad, reached as far as the middle cushion. He made an impressive debut behind the plate, while Chang's relief hurling held the winners to a single in the last four innings of the game.

Terry Leonard had an excellent day and made a pleasing comeback with the bat, smacking out a triple and a double in three times up. Jesse Arculli, for the first time, displayed a slow outcurve that had the opposing batters fishing, and allowed a meagre two hits. He also conceded his first Annie Oakley of the season.

The highlight of the match was Larry Lawrence tightening up, in the first stanza, to fan both Arculli and Lingenbrink to hold the opposition scoreless after they had filled the sacks with but one away.

The Chinese Baseballers registered the first shut-out of the season against South China when last year's champs ran out on the long end of a 7-0 score.

Wally Ching, who allowed only two bingles, brought his total of innings pitched this year, to 13 without conceding a single tally. The losers played errorless ball, but C. C. Lee blew up in the third frame to issue 4 walks which aided Chung Wah to tally 6 markers on 3 safeties. In this stanza, P. F. Choy, and Nip Lum pulled a perfectly timed delayed double steal that was a treat to see; the Baseballers pilfered a total of 8 sacks!

COUNTY CRICKET CAPTAINS CRITICISED FOR "FREAK" CLOSURE OF INNINGS

LONDON, May 27.—The "freak" declaration in the game between Glamorgan and Essex has been passed over lightly by the general public, but it has been much discussed from all angles by the players. It will be remembered that there was a blank first day and that nine runs were scored on the second. At the start of the third day there was a declaration, a policy followed when the score was equalled. The match had a definite issue, though, to all intents and purposes play was only possible virtually for one day.

It will be remembered the M.C.C. felt bound, a few years ago, to legislate for freak declarations in a match cut down to the third day. They did so by insisting that the side batting first should do so for an hour at least. This, however, is a new case. The majority view of the players is that this freak declaration business makes the game, in first-class ranks at any rate, look silly, and that the best way to avoid this sort of thing is to institute two-day and one-innings matches.

We have already had the experience of two-day, two-innings matches, and they proved more or less a fiasco. It is now felt by the players themselves—or at any rate, a section of them—that one-innings games would make for public interest as to a great extent the third day, unless there is a chance of a definite issue—and even in many cases where there is such a chance—is spoiled by poor "gates."

It will be remembered that Mr. T. A. Higson, chairman of the Lancashire committee, has for years been an advocate of the two day championship game idea, and now that players hold similar views the subject becomes really interesting.

Yorkshire's Defeat. Another interesting recent happening was the first defeat of Yorkshire. A few days ago a player who has no axe to grind expressed the view that at the start of the season the two sides always likely to make the best show were Yorkshire and Lancashire, and that the victors in the two meetings each season were the likeliest to earn little honours.

As far as Lancashire are concerned events since they last won the championship in 1934 have hardly suggested that.

So far it has been a curious cricket season, with few stars and many disappointments. We must blame the unreasonable weather for the latter. In the circumstances it is instructive to see Gimblett make such a brilliant start.

This has, even more strongly, than before, made him a particularly "live" candidate for the coming Test with the West Indies and for a tour of India next winter. That he is the season's star batsman at the moment admits of not the slightest doubt.

At The Universities. Varsity cricket, as is usual so early in the season, has been rather "in and out," but enough has been seen to show that there are a number of outstanding men "up" this season. In particular, in the not distant future we are likely to hear a good deal of E. D. R. Eager, who has played for Gloucestershire already.

This young man certainly does not belie his name as a batsman and fieldman, and is a slow who will take wickets when the conditions suit his style. He is the most attractive batsman in the side.

Two other players who take the eye at the lovely Parks are R. B. Proud, a tall hard-hitting batsman who has played for Hampshire, and D. R. Hayward, an Australian born medium-paced bowler who has a residential qualification for Middlesex by virtue of his association with Harrow School.

Woolley's Successor. One of the chief assets to a good attacking side is a good left arm spin bowler. Four years ago Claude Lewis got his county "cap" for Kent, and up to end of last season, did no live up to his promise.

The Royal Observatory forecast for to-day indicates that there will be showers.

Mrs. H. Ching, wife of the editor of the "South China Morning Post," was the victim yesterday of a snatcher who whisked away the lady's bag from her car, parked outside the China Products Co. and ran down the road. The man was caught by a Police Reserve, Fong Ya-ping.

DO ATHLETICS AFFECT MOTHERHOOD?

Leading Ladies Think Not

"No," was the emphatic answer made by leading British sportswomen recently to the question, "Do athletics ruin the chances of girls for a happy, healthy motherhood?" Mrs. Badcock—formerly Miss Joyce Cooper, the famous woman swimmer—said that she was married with two sons, whom her doctor had described as perfect.

"As far as swimming is concerned," she said, "it is an ideal sport for any woman. I know girls who before they took up swimming were weaklings. After a few months both their health and general physique had improved wonderfully."

"But I think that, before a swimmer enters a competition, she should train and diet for the strain necessary to compete in events can be stood only if a swimmer has prepared for it."

Miss Kay Stammers, who represents Britain at tennis, said: "I have always found tennis most beneficial to my health, and I believe that that applies to any other girl in normal health. I always feel fit after a game, and I do not think that this form of sport can be harmful for future motherhood."

Miss Cecilia Coddge, the skater, said that her particular sport improved her health.

"I think skating tends to make people both healthy and happy, and I should not think that it could possibly have any ill-effects on future motherhood."

1,200 Questioned. Miss K. Doman, who played back for England in hockey internationally, said: "I love hockey, and I've never felt any ill-effects from playing the game."

The National Fitness Council hope to discover the answer to the question when they receive replies from the questionnaire they have sent out to 1,200 of Britain's foremost women athletes.

The questionnaire asks intimate questions about health, training, diet and smoking. Then there are questions about the effect women athletes' particular sport has on their nerves and health before and after events.

When the sub-committee have studied the replies, they will report to the Council, who will make the result of the inquiry public.

FURTHER WEAKNESS OF THE YEN

CHUNGKING, June 7 (Central).—The yen showed further weakness yesterday. One yen was exchanged for 91 cts. Chinese currency only, registering a drop of one cent as compared with the rate for the previous day.

PLEA FOR CHINESE SILK

At a British Commonwealth League conference in the Economic Reform Club, Grosvenor-place, London, on May 17, the chairman, Mrs. Corbett Ashby, displayed to the delegates all women, the stockings she was wearing. They were made in New York of Chinese silk by Chinese labour.

The cost, she said, 2s. a pair, and she had bought 12 pairs. She gave all who wished the address where they might be purchased in the United States.

Mrs. Corbett Ashby told a representative of the Press that a great many people here and in the United States were determined not to buy stockings made from Japanese silk, even though they were British manufactured. Japan's silk exports were helping her to carry on the war against China.

Mr. Ernest W. Goodale, of the Rayon and Silk Association, said later that 70 per cent. of the output of silk is from Japan, which has cornered the market over a number of years.

HONGKONG MINES

Nelson & Co., Inc., Managers for the Hongkong Mines Ltd., report 4,908 short dry tons of ore treated for the month of May, from which 439.18 dry tons of lead concentrates were produced, averaging 61.32 percent lead and 15.13 oz. Silver per ton.

FLUCTUATION OF THE YEN IN SHANGHAI

Japan's Financial Leaders Blamed

SHANGHAI, June 7 (Reuter).—The yen this morning was bought at 92 National cents, compared with 94 1/2 a week ago.

Later, however, the buyers' rate advanced to 94 cents as the National dollar declined further in terms of sterling.

Up and Down
"The yen has been going up and down like the markings of a fever chart," declares "Finance and Commerce," in a review of the local exchange market during the past week.

After recapitulating the immediate causes of the yen's weakness in Shanghai and the consequent anxiety of Japanese officialdom and also the suggested remedies, the paper goes on to assert that "the whole truth and nothing but the truth" appears to be the conclusion reached by the Tokyo "Asahi Shimbun," which states that "it seems after all that the financial leaders have no definite ideas although they are urging the adoption of fundamental measures to prevent the declining tendency of the yen note in the Shanghai region."

U.S. FINANCIAL MEASURE

WASHINGTON, June 7 (Reuter).—The Senate Banking Committee has approved the Bill extending for two years the administration's authority to devalue the dollar, to maintain a stabilization fund

CZECH GOLD AND BANK'S CONTROL

LONDON, June 7 (Reuter).—Aristing out of Sir John Simon's recent statement in the House of Commons regarding Czech gold deposited with the Bank of England, in which reference was made to the legal position of the question, Mr. F.J. Bellenger (Lab) asked the Chancellor of the Exchequer yesterday whether he had any proposals to make for a more direct control of the Bank of England and for the removal of the anomalous position of the Central Bank being allowed to remain in the hands of private financial interests.

Sir John Simon replied in the negative and declared that the Government had no intention of putting forward such proposals.

CREDIT LOANS FOR HONAN FARMERS

LOYANG, June 7 (Central).—The National Government has arranged with the Farmers Credit Bureau and the Farmers Bank of China, in conjunction with the Honan Provincial Government, to raise \$500,000 for credit loans to needy farmers in west Honan.

Flood conditions south of Loyang and the vicinity of Hwangchuan, it is stated, have been so serious that the farmers are unable to rehabilitate their farmsteads without assistance.

and for the purchase of newly-mined domestic silver at a premium over the world market.

The Bill has already been approved by the House of Representatives and prompt Senate action is expected.

NEW GERMAN TEXTILE PLANS

Plaited Clothes Again

BERLIN, June 7 (Transocean).—The new textile programme greatly limiting the use of cotton will come into force on July 1, it was reported on Tuesday in economic circles.

After this date it will be forbidden to use any cotton in the manufacture of paper or book bindings, cloth for women's clothes, upholstery, drapes, curtains etc.

The programme provides for an increased manufacture of staple fibre and rayon and in order to improve the quality of these products, the manufacture of cheap quality material will be discontinued. This step is necessitated by throttling of the cotton imports, which is due principally to a complete elimination of the American market.

Considerable quantities of cotton will still be imported by Germany. It is explained for other purposes and, in the meantime, the Reich is making extensive experiments in the Balkans to develop the variety of cotton that will thrive there and thus to insure Germany sufficient supply in those countries which are willing to exchange it for manufactured goods.

Hitler Wants To Be In The Know

Herr Hitler has ordered the compilation of a giant "Domesday Book," which will give not only full personal details of every man, woman, and child in his Greater Germany but will also list every farm, shop, factory, and business house as well.

The ground-work will be laid by a nation-wide census on May 17. All Germans must reveal everything they are asked about their families and jobs. The forms will be sorted, analysed and docketed by more than three-quarters of a million unpaid workers.

—AND THE JEWS
The census will reveal for the first time exactly how many Jews, half-Jews, quarter-Jews, one-eighth-Jews and one-sixteenth-Jews still live in Jew-baiting Germany.

Farmers will have to list the number of their employees, the amount of land cultivated and every head of livestock.

It is claimed this census will help Nazi leaders to "plan" employment and to find more men to relieve the present labour shortage endangering Goering's economic programme.

Weekly Wheat
Report

The following weekly wheat re-
port has been issued by Messrs.
Reynolds and Gibson through the
courtesy of Messrs. Payne and Co.,
Hongkong.

Liverpool, May 23.
Liverpool.—There have been
no new developments of impor-
tance, and the market has been
dull with North American weather
news the principal influence.
Values have eased fractionally on
rather more selling pressure by
plate shippers and finish 1/4d. up
3/4d. down on balance.
The December position appear-
ed on the board on Wednesday
last. Opening quotations were
rather wide and showed a
premium of about 1d. over Octo-
ber.

There have been scattered rains
in the U.S. winter wheat belt dur-
ing the week, but in many sections
moisture has been insufficient to
prevent further deterioration.
Kansas, Nebraska, and Oklahoma
are reported to be the principal
sufferers, and private statisticians
estimate that winter crop pros-
pects are reduced by 50 million
bushels since the last bureau.
Latest advices confirm that tem-
peratures over most of the belt
are rising. In the American
Spring belt, further rains are
urgently needed and a serious view
is taken of infestations of grass-
hoppers in the U.S. North-West
and in Canada. Very severe out-
breaks are expected in many
areas.

We see nothing to warrant a
change in our views that conserva-
tive purchases should be made
on recessions.
Stocks of wheat in Liverpool:
This week 727 loads; last week 758
loads.
Chicago.—Prices have moved
within extremely narrow limits

EXCHEQUER
RETURNS

LONDON, June 7 (BWS)— Ex-
chequer returns show that the
total ordinary revenue amounts
to \$104,917,148, compared with
\$99,453,737 at the corresponding
date last year.

Total expenditure, less self-
balancing items, is \$214,148,-
653, compared with \$279,809,837
at the corresponding date of 1938.

and has been quiet. Some
steadiness was imparted by news
that a poll of elevator men and
farmers suggests a crop in Kansas
of only 80 million bushels. The
last Government estimate gave
Kansas 116 million bushels. Both
Chicago and Winnipeg remain ex-
tremely susceptible to weather
news.

Winnipeg.—Quiet demand and
talk of flat competition led to a
slight shading of values at first.
Later, however, the market turned
steadier in sympathy with Chicago
and on news of unfavourable wea-
ther conditions.

COMMUNIST M.P.'S OUTBURST
IN PARLIAMENT: "BUNCH OF ROBBERS"Deputy Speaker's Sharp
Rebuke: "Grossly Disorderly"

An outburst by Mr. W. Gallacher, the Communist M.P., in the House of Commons on Tuesday evoked a sharp rebuke from the Deputy Speaker.

While Mr. R. J. Boothby (Con.) was giving a personal explanation to the House in connexion with certain references made to British trading interests in China by Maj.-Gen. Sir Alfred Knox on Monday, Mr. Gallacher exclaimed: "Is it permissible for a bunch of robbers to take up the time of the House?"

The Deputy Speaker characterised the remark as grossly disorderly and when Mr. J. McGovern (I.L.P.) supported Mr. Gallacher, the Deputy Speaker insisted that the question raised by Mr. Gallacher had nothing to do with the matter before the House.

LONDON, June 7 (Reuter).—A personal explanation was made in the House of Commons yesterday by Mr. R. J. Boothby (Con.) arising from question asked by Maj.-Gen. Sir Alfred Knox on Monday regarding the company called Trading Facilities Limited. It will be recalled that Maj.-Gen. Sir Alfred Knox referred to rumours that the Export Credit Trade Department had advised the Chinese Advisory Committee to deal with the new company and that the interests of British traders in China had been disregarded. Mr. Boothby yesterday said that he was a director of this company, of which Mr. Serge Karinski was chairman.

"Bunch of Robbers"
Mr. W. Gallacher (Communist) asked the Deputy Speaker, "Is it permissible for a bunch of robbers to take up the time of the House?"
The Deputy Speaker said that if he understood Mr. Gallacher rightly, his remark was grossly disorderly.

Mr. J. McGovern (I.L.P.): But it is true. Mr. Gallacher drew the attention of the Deputy Speaker to the fact that Sir Alfred Knox was a member who took the most violent action against British interests in Spain.

The Deputy Speaker said that that had nothing whatever to do with the matter before the House.

Mr. McGovern: It is a question of who should get the loot.

The matter then ended.

CHINA WAR NEWS:

JAPANESE DRIVE IN WEST
SHANSI CHECKED: FIRM
RESISTANCE BY CHINESE

SIAM, June 7 (Central).—Firm Chinese resistance has administered a serious blow to the Japanese westward drive to the Yellow River bank in West Shansi. The Japanese attempt is to cross the River to invade Shensi Province.

The Japanese pushing straight towards Luilin, from Lishih, are attempting to develop an encircling movement, but they are being held at bay by the Chinese defenders.

Meanwhile, the Japanese column advancing along the Lishih-Chikow highway, to the north-west of Lishih, is in full retreat as a result of repeated Chinese ambushes during which more than 500 casualties were sustained.

Chinese Advance
Chinese raiding parties are successfully operating between Sanchiaochan and Tawuhen, north of Lishih, menacing the Japanese rear.

Following a comparative lull, South Shansi has again become the scene of fierce fighting.

Following the arrival of reinforcements, the Japanese at Changtuenchen, Yuncheng and Erling launched a concerted attack on the Chinese positions at Monanhen and other points in the south yesterday.

FINLAND WILL
ASK FOR HELP

HELSINKI, June 7 (Reuter).—"Anybody wishing to help us without our requesting it will be regarded as an invader and will be repelled," declared the Foreign Minister in the Diet. He added that Finland could not accept a guarantee decided on without her sanction.

Sir Auckland Geddes has resigned from the post of Adviser on Air Raid Precautions to the Minister for Civil Defence, Sir John Anderson. In a letter to the Defence Minister, Sir Auckland explained that he did not approve of the introduction of compulsory military training.—(T.O.)

ALLEGED SUICIDE
ATTEMPTActress's Mother Sent
To Hospital

An attempt at suicide by the mother of the well-known actress, Wong Su-hong, was prevented in time by her son-in-law, Ng Siu-pang, who was informed by the servants, who discovered the old lady in a serious condition, after it is believed, she swallowed a quantity of opium. Ng rushed her to the Kowloon Hospital.

The surname of the mother is Wu. She is 53 years old, and came from Canton and has been living for several years at Tham Kong Road, with her daughter and son-in-law. During her stay she frequently complained of the loneliness of the surroundings, and, after the fall of Canton she grew more restless, and it is believed that this drove her to the alleged attempt on her life.

F.M.S. RESTRICTIONS
AGAINST ARRIVALS
FROM HONGKONG
Quarantine restrictions have been imposed by the Government of the Federated Malay States against arrivals from Hongkong on account of cholera.

All passengers by air or sea should produce certificates that they have been inoculated against cholera not less than six days and not more than six months prior to the date of their arrival in the Federated Malay States.

A Hungarian, Papp Sándor, 27 years of age, appeared before Mr. E. Himmsworth at the Kowloon Court yesterday on charges of committing a breach of the passport regulations and of being a stow-away from Hongkong on the Japanese steamer Wing Sang. Sándor, who arrived in Hongkong with \$60 in his pocket, stated he was a deserter from the French Foreign Legion in Indo-China. He was committed to the House of Detention pending expulsion.
